

EAP Benefits for You and Your Family

Supporting Your Well-Being at Every Step

Whether you're facing a challenge, building resilience, pursuing a goal, or caring for those you love, your Employee Assistance Program (EAP) provides confidential support, guidance, and practical resources to help you thrive. Through counseling, coaching, digital well-being tools, and work-life services, you and your eligible family members have access to valuable support at **NO COST**—because everyone deserves help when they need it most.

Counseling and Coaching

From everyday challenges to personal growth, your EAP provides confidential support when you need it most.

Confidential Counseling

Free, short-term counseling is available for stress, anxiety, relationship concerns, family challenges, grief, and other everyday issues. Appointments are available in person, by video, or by phone.

Confidential Coaching

Goal-focused support designed to help you strengthen resilience, improve well-being, navigate change, and develop skills that support personal and professional success.
